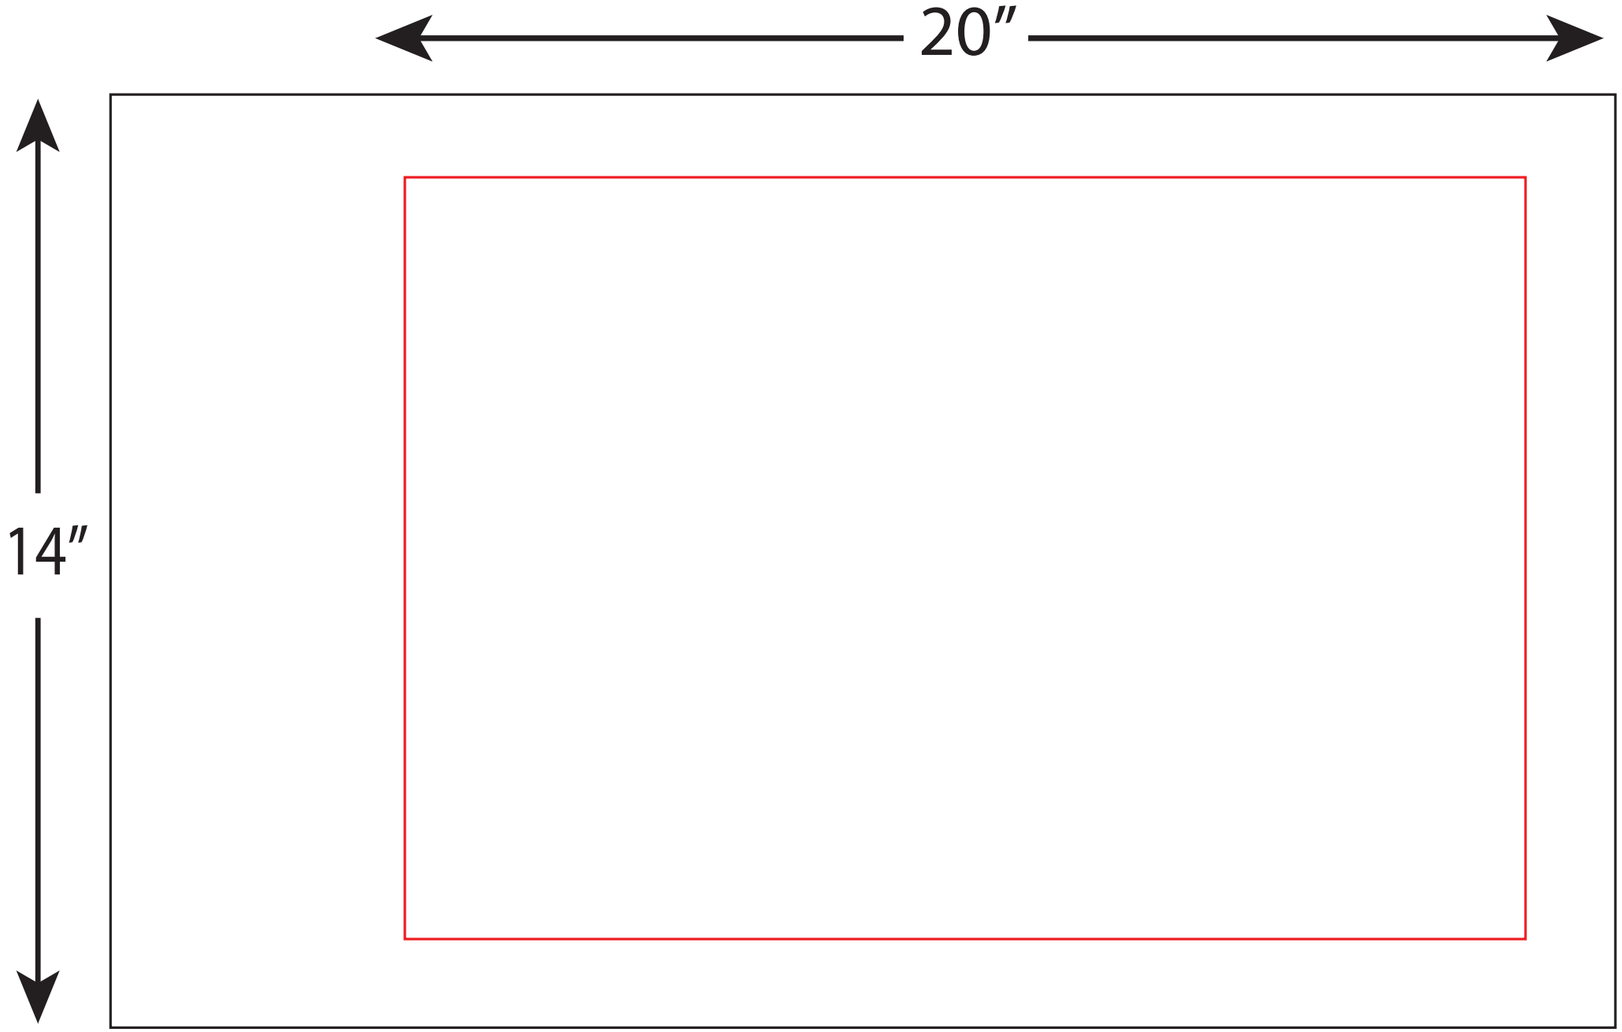
14" x 20" Golf Flag Template (Tube)

Please place all artwork in the bottom layer labeled ARTWORK.



This template was created to be used with Adobe Illustrator and vector images. If your artwork contains non vector images, please call us.

PMS colors should be included for all vector images.

The Red Box is the Live Area

The Black Box is the Bleed

Keep all important text and images inside the Live Area. Any text/images that fall outside of the Live Area are at risk of being cut off or landing in a hem during sewing. Background images/color must extend all the way to the Black Box. If your background does not completely fill theBlack Box there is a risk of your flag having a thin white border.

If any of this sounds Greek to you, please call us at 1-800-958-3009
